

# Loading the colour swatches in the Adobe programmes

The file *LU-RGB\_infografik.ase* contains swatches which are darker versions of the University's regular profile pastel colours, i.e. *pink*, *light blue*, *light green*, *beige* and *grey*.

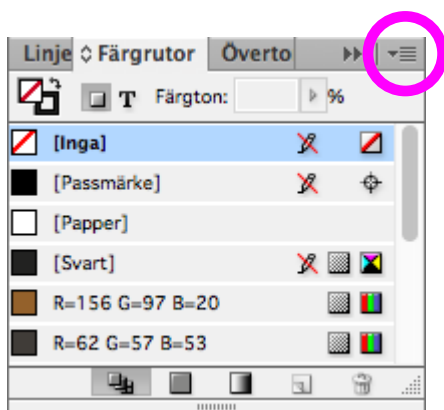

You can easily load the colour combinations in Illustrator, Photoshop and InDesign via the *Swatches* panel.

In **Illustrator**, select *Other library* at the bottom under this button.

In **Photoshop**, select *Load swatches* under this button.

In **InDesign**, select *Load swatches* under this button.
